## COMING SOON 2026

### DORAYAKIS

#### PRESENTATION:

Ladyfinger-style sponge cake with high protein content, in a 43 g individual format. Ready to eat, convenient, and designed for an active lifestyle.

#### PROPERTIES AND ADDED VALUE:

With 28% protein (12 g per unit) and high fiber content, it is a functional alternative to traditional pastries. Low in sugars (0.4 g per unit) and formulated with plant-based and egg proteins, it combines a fluffy texture with a cocoa coating to offer a balance between nutrition and indulgence. A convenient on-the-go option that provides quality protein at any time of the day.

## CHOCOLATE CROISSANT

### PRESENTATION:

Croissant filled with chocolate-flavored cream in a 50 g individual format. With sweetener and ready to eat, it is designed as a functional alternative to traditional pastries.

### PROPERTIES AND ADDED VALUE:

With 26% protein (13 g per unit) and high fiber content, it offers an optimized nutritional profile with low sugar content (0.5 g per unit). Made with plant-based and wheat proteins, it combines a tender texture with a creamy cocoa filling to enjoy the classic croissant flavor with a more balanced approach. A practical and convenient on-the-go option, ideal for those seeking indulgence with a protein boost.

## CLASSIC MUFFIN

### PRESENTATION:

Protein sponge cake in a 45 g individual format, vanilla and lemon flavored. Ready to eat, designed as a functional alternative to traditional pastries.

### PROPERTIES AND ADDED VALUE:

With 25% protein (over 11 g per unit) and high fiber content, it offers a balanced nutritional profile with low sugar content (0.45 g per unit). Made with plant-based proteins and egg whites, it combines a fluffy texture and smooth flavor with citrus notes, providing a practical and tasty option for everyday life. An on-the-go solution that brings together indulgence, convenience, and protein intake in a single format.
